

New Horizon College of Engineering

Department of Civil Engineering

One day workshop on “Value Engineering” on 5th April 2019.

One day workshop on “Value Engineering” was conducted on 5th April, 2019 at Chanakya Seminar Hall, New Horizon College of Engineering, Bangalore. The workshop was conducted by Mrs. Anita Lukose, who is a recognized Value Engineering Professional and a Certified Value Specialist (CVS) certified by Society of American Value Engineers (SAVE International) with over 2 decades of industrial exposure from design to implementation. Mrs Anita Lukose has completed a certified program in ‘Design Thinking for Innovation’ from the University of Virginia, USA.

First Session(10:30-11:30) – Introduction to Value engineering and function analysis.

- What is Value engineering?
- How it is important in different branches of Engineering especially Civil Engineering.
- How to go for the implementation in any project.

Second Session (11:40-1:10 PM)– Function phase

- Importance of identifying suitable functions
- How to identify functions

Third Session(02:00-03:00)– Idea generation tools

- Tools for generation of functions
- Team based learning of functions
- How to generate tools by brainstorming session

Fourth Session(3:00-04:00)– Evaluation and presentation phases

- Case studies

The workshop was very informative for the students and faculty and were very appreciative of the content and the delivery.
