

NEW HORIZON COLLEGE OF ENGINEERING

Autonomous College, Affiliated to VTU | Approved by AICTE New Delhi & UGC
Accredited by NAAC with 'A' Grade & Accredited by NBA

REPORT ON SEMINAR

A seminar was arranged for **VII semester students** of Civil Engineering on 27.10.23 in B-102 from 11.00 am to 12.00 pm on “**INTERIOR DESIGN**”. The students were addressed by **Mr. Naveen**, who has a rich professional experience of 8 years. He is currently working as an **Interior Designer at CADD Centre, Marathalli, Bengaluru**. The students were enlightened on **Interior Designing as** career opportunity after civil engineering, this being the most mind-boggling question for all the budding civil engineers.

Key Points of the session:

- The profession of interior design is separate and distinct from the role of interior decorator
- Effective use of space, user well-being and functional design
- To set up model rooms at national and international exhibitions in showrooms
- Traditional high-quality furniture making
- Connected to other design disciplines, involving the work of architects, industrial designers, engineers, builders, craftsmen, etc
- The art and science of understanding people's behavior to create functional spaces, that are aesthetically pleasing, within a building
- An interior designer in fine line design can undertake projects that include arranging the basic layout of spaces within a building as well as projects that require an understanding of technical issues such as window and door positioning, acoustics, and lighting.
- Interior designers may decorate, but decorators do not design
